### In County Athletic Violations

Going forward, if anyone suspects that a county school has violated any TSSAA/TMSAA rule we would like for you to report that information to your school athletic director and the school principal. They will in turn report the information to the District Athletic Director and the Director of Schools. The information will be investigated to see if in fact there has been a violation. The School will then be asked to self report to the TSSAA/TMSAA if a violation is verified.

We can eliminate a lot of negative information by investigating all potential rule violations at the county level before reporting it to the TSSAA/TMSAA. Thanks for your attention to this matter. Please share with all coaches and administrators.
